

*Woodburn Drag Strip
Opening Day - June, 1961
Dick Martin and Don Stafney*

It was June, 1961. The first two cars in competition at Woodburn Dragstrip were Don Stafney in his '33 Ford 5-window and Dick Martin in his 32 roadster. As you can see in another photo, Stafney had his reaction times down as he was flyin' past the starter even before the other racer was getting started. From this meager 1/8th mile beginning, Woodburn Dragstrip has progressed to its current state, due largely to the hard work from Jim Livingston and his family.

*Woodburn track owner Jim Livingston, Dick Martin and Don Stafney
Dick and Don were the first (2) racers down the track on
opening day June 1961*
