Each participating track is allowed to bring 50 entries, regardless of class, in addition to 2 High School, and 6 Jr. Dragster competitors.

All team members must have competed in a minimum of three Summit events (in any class) at the track they will be representing at this event.

Racers in the Race of Champions (Super Pro, Pro, Sportsman, and Motorcycle) must have competed in at half of the Summit events (in any class) at the track they will be representing. Further, the 50% minimum must be met on no fewer than 3 different Summit Series event weekends.

Run order for Time Trials

Friday – Sportsman, High School, Jr. Thunder, Jr. Lightning, Pro, Super Pro, Bike/Sled

Saturday – Sportsman, High School, Jr. Thunder, Jr. Lightning, Pro, S/Pro, Bike/Sled

We will make our best effort to give every racer two time trials on Friday and one on Saturday. If the need arises, we will have a special session Saturday morning for the Race of Champions participants, and then fill in between ROC rounds with the remainder of competitors.

Gambler Race and Dash for Cash

On Friday there will be a Gambler Race. There will be 6 classes: Super Pro, Pro, Sportsman, Motorcycle/Sled, Jr. Thunder and Jr. Lightning. Entry fees: (Super Pro - \$75); (Pro - \$50; Sportsman, Bike/Sled), (Jr. Thunder, Jr. Lightning - \$25). The Gambler Race will begin after the first time trial on Friday. Once a racer is eliminated in the Gambler, that racer may not make further time runs.

The Dash for Cash will take place on Saturday for racers who are not a part of the Race of Champions. During Saturday morning's time trial session, racers who sign up can dial in, and the top 32 drivers in Super Pro, Pro, and Sportsman with the best total package will run for cash and a trophy in each class. Entry fee for all classes: \$20. Sign-ups for the Gambler Race and Dash for Cash will take place at the NHRA trailer.

Oil-Retention Devices

All racers in cars running quicker than 9.99 seconds in the ¼-mile or faster than 135 mph, must have an oil-retention device equipped.

Antifreeze

If you are racing in a car running quicker than 14.99 please do not use antifreeze in your vehicle. Antifreeze is very difficult to clean up and excessive delays could cost your fellow competitors valuable time on the track.

Pairings and Lane Assignments

All classes will be called to the lanes in sessions. Each team will be assigned specific lanes and sessions throughout the event. From those assignments, a random draw will be made to pair the lanes for each elimination round.

The driver in each class with the best reaction time during the first time run on Saturday will earn the potential bye for first round on Sunday. During subsequent rounds, the best winning reaction time will have earned the potential bye for the following round. For the Race of Champions, the first round bye will be based on a random draw, with the best reaction time earning the bye in following rounds.

Lane choice will be done by a coin toss at the head of the lanes.

Team Captains

Each team is allowed 2 team captains. Team captains will handle any and all problems or discrepancies that one of their competitors may encounter. Only one team captain will be allowed in the tower at any one time. Any disputes must be brought to the event director by a team captain. Division Director will rule on an issues and have final say on such.

Summit Series Decals

Each competitor will be required to run the series decal for the duration of eliminations. Those not having the decal will not earn points for team or be eligible for any prizes or awards.

Contingency Decals

The NHRA Trailer will have a very limited supply of these. All racers are encouraged to have and/or get decals from the manufacturer prior to the event. Decals must be on vehicle for duration of eliminations. The contingency verification will take place after the race, but will be checked against photos from earlier rounds to see that decals were in place.

ET Finals Rules and Regulations

- All classes, with the exception of Bike/Sled, will be run on a five-tenth full tree with optional staging.
- Deep staging will be allowed, but it may not be written on the vehicle, nor will the starter make any changes to the starting procedure for those deep staging. Those deep staging assume all risk and must get in first as Autostart will be on for ALL categories.
- Bike/Sled will run on a split tree. Racers wanting a Pro Tree must put a P at the end of their dial (i.e. 9.00P). Look for a minus sign on the scoreboard.

- Once a driver **pre-stages** their vehicle, they have accepted the posted dial-ins on the scoreboard.
- Excessive braking may be grounds for disqualification. Starter and/or Event Director will have final say on issuing a warning or an expulsion. If a warning is issued, any subsequent infraction will be grounds for immediate disqualification.

Team captains are responsible for policing their team's pit vehicles for improper use and no motorized pit vehicles are allowed from sunset until 1 hour prior to racing resuming the following day. All riders must be licensed and a minimum of 16 years of age.

Pit Areas

Each team will be designated a specific pit area. We ask that all participants curtail any noisy activities at 10:00 p.m. on any night. Please also be respectful of the facility and use trash cans to dispose of any trash prior to leaving the facility.

National Dragster Team Spirit Award

This prestigious award will be given to the team that displays the best spirit based on these factors:

High School racers will also be able to enter either Pro or Sportsman on Sunday, but those competing on Sunday must purchase a NHRA competition number and membership. No Motorcycles or electronics allowed. If Saturday's race is rained out, High School will be contested on Sunday. If that happens, High School competitors can only run one class with one car, and must race a separate vehicle in Pro or Sportsman.

Jr. Dragster

Time Trials and eliminations will be conducted on Friday and Saturday at this event. Jr. Dragster drivers are eligible to make runs during the test and tune on Thursday. Each track may send up to six drivers. Racers will be split into Lightning and Thunder classes based on age. A driver who started the season as a 12-year-old but turned 13 during the season can run in Thunder but cannot dial quicker than 8.90. If Saturday is rained out, Jr. Dragster will run on Sunday. There will be a bonus race for Jr. Dragster competitors on Friday afternoon.

Team Championship/Track Manager's Challenge

Each participating track will be awarded one (1) point per round won in the four contested classes. The team with the highest point total will be crowned the Northwest Division Team Champions. Track Manager's Challenge will award one point per round won on Saturday in all seven classes.

Class Changes, Multiple Entries, Multiple Drivers

If you need to change from one class to another, please notify the tower. During each day, each car can only have one driver, and each car can only compete in one class. A possible exception to this is when a High School racer shares a car with a parent. In that case, the parent or student (not both) can run time trials on Friday, the student would compete in High School on Saturday, and the parent would compete on Sunday. Under no circumstances can a car make multiple runs in a time trial session, regardless of who is driving. Drivers are allowed to compete in multiple classes provided they have a separate car for each class.

NHRA Membership Required

All competitors must be NHRA members in order to participate. All competitors must also have a NHRA competition number. See High School section for the one exception to this rule.
