

Listed below are 2019 PACKAGE for the POINTS Winner's for each SUNOCO RACE FUELS ET SERIES.

This competition is held at all Sunoco Race Fuel ET Series events. The goal is to get the best reaction time and be closest to your dial-in. This total is known as the “package”. To enter this competition, on the final time run prior to eliminations, drivers will post a dial-in. Going quicker than your posted dial-in and/or getting a red light will result in disqualification. A perfect reaction combined with a run exactly on the dial-in would be a perfect package .000. The racer who is closest to the perfect package in each class will win a prize from one of these fine companies: Abby’s Pizza-Woodburn, Lucas Oil Products, and Pico Wiring Accessories. Each winner will be entered in a drawing for the Grand Prize – \$1000 value in product and/or service from A-1 Performance Transmissions & Converters. This award will be presented at the annual Awards Banquet held on Saturday, November 23, 2019 at the World of Speed Museum in Wilsonville, Oregon
